HOLIDAY HOMEWORK

From principal desk

Dear Parents,

Summer vacation is a welcome break.....from schedule, rules and regulations of the school. Freedom brings more responsibility, so keeping this in mind we have planned an array of activities to keep our children engaged and also help them in channelizing their energies positively.

Happy Holidays" Have fun with your little one."

If there is one particular message this summer, it is this: Take the time to show children how wonderful, unique and special they are. Be there for them. While we would like our children to enjoy their summer break, we thought we would share with you a few activities which could be incorporated in their routine, so that they learn while they play. Do participate and relive your childhood with them.

How independent can I become?

- Make your child more independent by teaching him or her various activities like
- Buttoning and unbuttoning the shirt.
- Laying the table.
- Folding mats and clothes.
- Arranging their toyself.
- Learning to wear shoes and socks.
- Practice tying your shoes laces.
- Learning how to zip the school bag and uniform.
- Sorting and pairing household items.

Good Manners and Good Habits

Good manners and good habits are lifelong assets and it should be practiced until they become a habit. Revise the four magical words Please, Sorry thank you and excuse me which we have learnt as the basis of good manners.

- Use of magic words like excuse me, sorry, thanks, please.
- When asking for something, say "Please"
- When receiving something say, "Thank you"
- Do not interrupt grown-ups who are speaking with each other unless there is an emergence
- If you need to get somebody's attention right away, the phrase "Excuse me" is the politest way for you to enter the conversation.
- When you have any doubt about doing something, ask permission first.
- When you have spent time at your friend's house remember to thank his or her parents for having you over and for the good time you had.

Books are the chief medium of imparting knowledge and education to the kids. The booky att the window to their perfect understanding of different topics.

To enhance their knowledge and reading skills make your child learn anyone English short story (8-10 lines) and prepare them for the narration of story,

To make the story more interesting you can make your own puppets with old bottles, cartoons, ribbons buttons etc. Make a video on it.)
